### Last months review - January 2024

This month focused on cleaning, organizing, and re-establishing routines, ensuring a well-structured foundation for future operations—especially for the back-office team. Key developments included the introduction of a new Membership Card Machine and the scheduling of essential club meetings. The Monthly Management Committee Meeting addressed club-related matters and upcoming events, while the OLGR Meeting brought together key stakeholders to discuss regulatory and operational concerns. Other important initiatives included reinforcing RSA practices, hiring a DJ, promoting local support services, discouraging sly grog, and facilitating training programs such as RMLV, RSA, and Security Licensing.

We're also introducing SPECIAL THEMED NIGHTS, INCLUDING:

**SPORTS NIGHT** – catch live games, cheer for your team, and enjoy the sports vibe!

**MOVIE NIGHTS** – sit back, relax, and enjoy a great selection of films on the big screen.

Whether your here for competition, the entertainment or just the company, there's something for everyone.

So come on down, bring your mates, and lets make the club the place to be.

## About the Business – Stock

During the raining season, our community remains isolated for about six months—half the year is dry, and the others half is wet. Estimating the necessary stock supplies for this period is challenging because unpredictable weather can delay or extend the road transport.

Additionally, storing large quantities of supplies is difficult due to the lack of storage space.

This year, we have nearly enough stock to cover the rainy season, although some products are running low.

We plan to restock as soon as the roads reopen and the large trucks are able to access our area.

**From the kids to the adults, everyone can have a good time at PUBSC. Join us!**
